Description

The newest member of the Heritage family comes packing a punch. The Heritage 241 has additional cockpit space, a larger console with inner liner, upgraded leaning post, freshwater washdown and a standard hard-top that includes lights, 4 speakers, rod holders & storage. Power options on this boat include up to a 300HP Yamaha engine.

PREMIUM SILEATHER® MARINE SILICONE FABRICS

All Sportsman Boats feature Sileather® Marine silicone-coated fabrics. These high-performance fabrics are designed to be tough and durable and able to withstand even the harshest of conditions.

Offered in [Desert Tan](#), [Ash Gray](#) and [Polar White](#).

BOARDING LADDER

Easily board your boat from the port side with the standard 3-step ladder. It stows away recessed into the deck when not in use for a clean obstruction-free rear deck.

COMFORTABLE BOW LAYOUT

The bow of this boat is designed with entertainment and versatility in mind. Features wrap around seating with all the cushions, removable backrests, 2 easily accessible large insulated fish boxes, drink holders and speakers to play your favorite tunes.

REMOVABLE FILLER BOARD W/ CUSHION

The open bow design offers the convenience of a full walk-through to your anchor and bow but sometimes you may need some additional seating, this filler board with cushion latches securely opening up one additional seat and 2 cupholders.

REMOVABLE BOW TABLE/FILLER BOARD

A large fiberglass bow table is the center piece. The included leg and table neatly stores away inside the head when not in use. When it's time for lunch, the table leg gets screwed into the base at the bow and the table securely mounted. The table itself serves as the base for the filler cushion (sold separately).

A buyer should instruct his agents and/or surveyors to investigate such details buyer desires validated. This vessel is offered subject to prior sale, price change or withdrawal without notice.

BOW STORAGE

Two large storage boxes at the bow will give you plenty of places to stow away your items. They are both insulated and can be used as fish boxes or coolers.

CENTER BOW STORAGE BOX

At the center of the bow you will find a lid with some additional in-floor storage with drain. Common uses for this include casting nets, life jackets and other items that can be stored below deck.

BOW ANCHOR LOCKER

Stow away your anchor when not in use inside this large compartment. It features a molded catch for the anchor to keep it from falling in and the cut out for your rope on the lid makes it easy to store your extra rope neatly inside the compartment. Optionally, you can equip it with the windlass option as shown here.

BOW BOLSTERS

The included bow bolsters on this boat serve double duty. When the bow cushion bottoms are on, they provide a soft cushion to rest your back but when the boat is set for fishing, they double as knee and leg pads when fighting a fish up front.

CONSOLE FRONT SEAT

Comfortable console-front seat with backrest.

CONSOLE FRONT COOLER

Flip the bottom cushion of the console-front seat to reveal an insulated cooler. Conveniently located for those sitting up front. You will also find the freshwater fill hidden under the cushion, if your boat is equipped with the freshwater system.

UNDER GUNWALE ROD RACKS

Storage for 6 rods is possible with the under gunwale rod racks. Each can accommodate a full length rod and doubles as a great place to store a gaff or net.

A buyer should instruct his agents and/or surveyors to investigate such details buyer desires validated. This vessel is offered subject to prior sale, price change or withdrawal without notice.

FLUSH MOUNT GUNWALE ROD HOLDERS

This boat includes 4 high-quality Gemlux rod holders flush mounted on the gunwale. Outside of the obvious use of holding fishing rods, you may add any number of available 3rd party accessories designed to be mounted in a rod holder.

ENCLOSED HEAD

Inside the console, there is a built-in lockable storage area. This enclosed space can be used as a changing room or storage of bulky items. On the back wall, there's access to all of the connections to the electronics and fuses, very convenient for quick troubleshooting. This space can also be optionally fitted with a porta potti.

CONSOLE WINDSCREEN

This console windscreen blocks and redirects some of the wind upwards for the comfort of those behind the helm.

SEASTAR TILT HELM W/ SS WHEEL

The SeaStar Helm offers over 40 degrees of tilt and locks into 5 different positions and is paired to a high quality stainless steel Sportsman-branded steering wheel with knob. The console layout has comfortable ergonomics for the perfect steering position whether standing up or sitting down.

12V TOGGLE SWITCHES & HORN

Easily toggle all of your 12V accessories with these labeled and backlit switches, day or night. The angle of the switches allows water to easily flow out when they get wet. A large backlit horn button is also located in-dash for easy operation.

USB PLUG IN-DASH & 12V RECEPTACLE

With the ever-growing demand to keep your devices charged, we include two USB plugs at the helm. The 2 included USB plugs are for charging and will keep your devices charged without interfacing with any other device. It also includes a 12 receptacle where you can plug in any cigarette-lighter style plug.

COMPASS

Disclaimer

Our company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents and/or surveyors to investigate such details buyer desires validated. This vessel is offered subject to prior sale, price change or withdrawal without notice.

Considered one of the Four Great Inventions, the compass remains the cornerstone of any navigation system despite our advanced digital displays. Regardless of condition, your compass provides real-time heading and when used in combination with your GPS data, it allows you to optimize fuel efficiency & improve safety. When it gets dark, there's a built-in light inside the compass for night use.

FIBERGLASS HARD-TOP W/ ACCESSORIES

This beautiful over-sized hard-top is the center piece of this boat and is packed with convenience features. Equipped with JL Audio speakers, LED anchor light, map reading light, spreader light, rocket launchers, kingfish rod holders and Taco outrigger plates.

PREMIUM DUAL CHAIR LP W/ FLIP UP BOLSTERS

Comfort and function meet when it comes to this deluxe leaning post. It is designed to accommodate two adults comfortably and features individually adjustable bolsters allowing you to operate your Sportsman standing up or in a seating position. Additional features include rod holders and cooler storage space with a strap.

ANTI-FATIGUE HELM PAD

Feel all-day comfort with our custom anti-fatigue helm pads. You will notice a difference at the end of the day, your feet will thank you for it. Custom engraved with the Sportsman logo for that extra touch.

MATCHING HARD-TOP UNDERSIDE COLOR

A popular trend is to have the underside of the hard-top matched to the hull color, this adds additional appeal and ties in the color theme of the boat sides by bringing additional color to the cockpit area.

DASH PANEL COVER

Protecting your electronics from the blaring sun is a breeze with the included dash panel cover. This custom made cover features the Sportsman logo embroidered and is made out of a tough outdoor fabric that will last for years.

CONSOLE FOOTREST W/ PADS

The console has molded in steps to offer a place to put your feet while the boat is underway. They are topped with custom pads with the Sportsman logo.

A buyer should instruct his agents and/or surveyors to investigate such details buyer desires validated. This vessel is offered subject to prior sale, price change or withdrawal without notice.

TRIM TABS W/ LED INDICATOR

The electromechanical trim tab systems included with the boat features a recessed installation that keeps your trim tabs tucked inside the hull for easier boarding from the rear and self retracting capabilities. When the key switch is turned off, the tabs will automatically retract completely. The LED Indicator feature shows you exactly where the tabs are positioned at the helm control.

DUAL BATTERIES W/ SWITCH

The safety and reliability of having 2 batteries on board is integral. This boat is equipped with 2 batteries and a selector switch conveniently located inside the console.

UNDER LEANING POST SPACE

The space under the leaning post allows you to fit a large cooler and strap it securely using the included velcro strap. For additional tackle storage, we offer the "Under Leaning Post Tackle Storage" option which adds additional plastic trays and a storage bin. The "Slide Out Cooler" includes a YETI® Tundra 65 Cooler.

COCKPIT BOLSTERS

For extra added comfort when fishing, the cockpit bolster cushions provide a nice soft surface to push your knees and legs into when reaching into the water or fighting a fish.

REAR SEATING

The aft layout of this boat allows for higher capacity by offering a 4 person edge to edge bench. All cushions are fully removable for easy storage and cleaning.

LIVEWELLS

The two rear seats hide the livewells. This pair of 8 gal. livewells are insulated and are sure to meet the needs when the time comes. They can also double as coolers for drinks and food. They can be operated together or separate with the pressure selector valve inside.

TRANSOM DOOR

Disclaimer

Our company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents and/or surveyors to investigate such details buyer desires validated. This vessel is offered subject to prior sale, price change or withdrawal without notice.

The transom door has a latch to secure it and it offers the convenience of not having to step over anything to enter the boat.

REAR TOTAL ACCESS HATCH

The rear Total Access Hatch gives you the ability to have large storage that's still incredibly easy to access. It's the perfect place for your life jackets, extra anchor, safety equipment, scuba gear and anything else you may need. When empty, it offers best-in-class access to your essential pumps and seacocks.

FRESHWATER WASHDOWN W/ TANK

Standard with a freshwater washdown with a 13-gallon tank. Common uses include hosing down the deck, cleaning up the floor after you reel in a big fish or rinsing off yourself after a day at the sandbar. It's a great creature comfort you will quickly get accustomed to.

RAW WATER WASHDOWN

With its unlimited supply, it is the perfect companion for the freshwater washdown. This system pumps outside water to a water outlet where you can screw in a regular hose.

UNDERWATER LIGHTS

Built out of an anodized aluminum housing, these high quality LED underwater lights are a great feature for this model. The Lumitec underwater lights have a measured output of nearly 900 lumens, giving you plenty of blue glow behind your Sportsman. This boat comes equipped with 2 of them at the transom.

INTERIOR LED LIGHTING PACKAGE

When the sun goes down, the cockpit comes to life. The included lighting package is as beautiful as it is functional, a blue glow covers every inch of the cockpit for safety and aesthetics.

RUB RAIL NAVIGATION LIGHTS

Traditionally, navigation lights are mounted somewhere on the bow in the form of a top mount or pop-up light but this exposes them as an easy damageable target. Our rub rail navigation lights are LED, super bright and barely noticeable. The lights are integrated into the rub rail on either side of the bow and provide the ultimate obstruction

free installation.

PULL UP CLEATS

High quality Gemlux pull-up cleats are standard throughout the boat. They offer a flush installation and very smooth operation.

SELF BAILING COCKPIT

This important safety feature allows any water on the deck to drain overboard and not into the bilge area. Any water that seeps into the bilge, can only be pumped out by the bilge pump, which is slow at draining large amounts of water. All Sportsman Boats have a collector box drainage system that ties in all drains from the deck and redirects the water directly overboard without mechanical assistance.

GRIP TEX YACHT STYLE NON-SKID

This texture is applied to the deck and step areas for a uniform random non-skid coat. This type of non-skid is not patterned and is easy to repair should it ever get chipped or damaged.

HIGH SPEED LIVEWELL PICK UP

As the name suggests, high speed pick ups ensure that your livewell is receiving a consistent water supply even at high speeds. The scoop shape design directs water into the intake and reduce air locks at high speeds. Additionally, the strainer design on the scoop provides filtering of large debris.

SPORTTECH® ADVANCED FABRICATION PROCESS

Our [SportTech® hulls](#) feature a no wood, all fiberglass construction, meticulously engineered to withstand the test of time and built using advanced composite materials, resins and bonding agents. The hulls are crafted with vinyl ester resin for its ultimate weatherability and resistance to water intrusion, a [10-Year Limited Hull Warranty](#) is standard on all Sportsman Boats.

Take a look [Behind The Glass](#) for an in-depth look at the construction of our boats.

NMMA CERTIFIED

For a boat to be NMMA certified, it must follow all of the strict guidelines set by the NMMA for certification. Sportsman Boats diligently follows all of the manufacturing guidelines and is committed to only using certified parts and components in all models.
